A photograph of an astronaut in a white spacesuit standing on the lunar surface. The astronaut is positioned on the right side of the frame, facing slightly left. To the left of the astronaut, an American flag is planted in the ground on a thin pole. The lunar surface is dark, dusty, and covered in footprints and tracks. The background is a stark, black sky. The text "ROSE CENTER FOR EARTH AND SPACE" is overlaid in white, sans-serif capital letters in the center of the image.
